Objective

I am an enthusiastic and dedicated individual with a strong interest in applying theoretical knowledge to real-world situations. During my one-month internship at Koradi Thermal Power Station, I gained valuable hands-on experience in power plant operations and developed a deeper understanding of industrial systems. I take pride in being practical, dependable, and eager to learn from on-site challenges. I am seeking an Industrial Trainee position to leverage my academic knowledge and passion for the industry, and to contribute to a dynamic team committed to innovative and sustainable solutions in the engineering field.

Education

Bachelor of Electrical Engineering, 2023 – 2027

Shri Ramdeobaba College of Engineering and Management, Nagpur

CGPA: 7.6 | Minor in Power Systems | Completed internship at Koradi Thermal Power Station, Koradi

HSC, 2021 – 2023

Rai High School and Junior College, Nagpur

SSC, 2020 – 2021

Saraswat Central Public School, Saoner

Experience

Industrial Trainee, Jul 2025 – Aug 2025

Koradi Thermal Power Station, Koradi

Completed a 1-month industrial training at Koradi Thermal Power Station (3x660 MW, KTPS). Gained valuable hands-on experience in power plant operations and industrial systems.

- Gained hands-on experience in real-world industrial processes.
- Developed technical skills in industry-standard software tools.
- Participated in safety audits, ensuring compliance and best practices.
- Enhanced problem-solving skills through practical applications.

Skills

- | | |
|-----------|-------------------|
| • AutoCAD | • MATLAB |
| • SQL | • Problem Solving |
| • Java | • Teamwork |

Projects

- Analysis of Insulators of Transmission Lines Using Image Processing & Machine Learning Model
- Smart Rain Detective Sensor and System

Certifications

- In Autonomus & Electric Vehicles combined with Artificial Intelligence under (Morris Garages) Nurture Program
- In Machine Learning for Engineering Applications
